- ▶ Size is Only 5.5"D x 3.9"H

Most high resolution cameras do well during daylight hours, but fall short during evening hours. These cameras offer the confidence of 24 hour around-the-clock surveillance. These professional grade vandal proof day/night varifocal dome cameras have the latest generation Sony Super HAD chipset producing an incredible 550 lines of resolution. The sturdy aluminum housing and polycarbonate dome are nearly indestructible and work well in high risk/security areas. Excellent choice for prisons, homeland security, banking, and casinos. The built-in auto iris lens ensures proper light control for the best picture quality. With the side or bottom cable grommet you will have maximum installation flexibility. All models run on either 12 VDC or 24 VAC. Available in either black or white case.

specifications | CDC3020VF

Description	1/3" Color High Resolution Vandal-Proof Dome Camera
Pick up Element	Sony Super-Had CCD
Resolution	550 TV Lines
Number of Pixels	768x 494
