The new CVC1161 series cameras utilize a patented high tech material that allows the camera to see through it, without allowing a human eye to view through it. This makes it one of the best concealed cameras we have ever offered. This camera is perfect for use in professional offices, restaurants, airports, museums, and home security. It is available with either 420 or 520 lines of resolution. It fits into a 3" opening and is secured in place with 2 spring loaded brackets.
