The KPCVBN190NHWX will amaze you with it's picture quality and small size. This camera is only 2 1/2 inches long and at only 3/4 of an inch in diameter it is one of the smallest CCD bullet camera anywhere! The amazing Sony Hi-Res Super HAD chipset produces 550 lines of resolution and a very low 0.2 Lux rating. The onboard processor even adjust the white balance and gain in varying lighting conditions. This camera would be perfect for office environments or as an unobtrusive door camera. Comes complete with mounting bracket and EZ connect cables.
